## REPORT OF TRUSTEES GOFFSTOWN PUBLIC LIBRARY

---

Early in February our library suffered a serious loss in the sudden death of Miss Louise E. Marden, librarian since 1925. Ever an enthusiastic worker, Miss Marden's twenty-one years of service were characterized by her conscientious devotion to duty and she gave unstintingly of her time and energy in building up the library and making it of greater value in the community.

We were fortunate in having Miss Annie Harrington to take over the work after Miss Marden's passing, with Mrs. Marjorie Corning as assistant. Miss Harrington had been assistant to Miss Marden for the past eighteen years so was acquainted with the different phases of library work and well qualified to assume the position of librarian.

In September Miss Pratt of the State Library at Concord spent a day in Goffstown to assist Miss Harrington in discarding out-of-date books of non-fiction which occupied space on the shelves needed for modern works. The advice of an expert was most helpful as she was able to recognize books which were of no value or might be of local interest, while discarding those no longer useful. This is one of the gratuitous services our State Library offers to the small libraries of New Hampshire.

Re-wiring one of the outside lights and spraying the shade trees on the lawn constituted the principal items of repair expenses for the year. As in former years, the men on the Board of Trustees have put in considerable time making minor repairs, thereby keeping down maintenance expenses.

Our library received a bequest of one hundred dollars from the estate of the late Miss Mary A. Warren, former trustee, which is being held in reserve until a suitable use for it shall have been decided upon.

To the Shirley Club for its annual gift of twenty dollars for the purchase of children's books, and to all others who, by gifts of books and magazines and by their co-operation, have helped to extend the usefulness of our library the trustees express their gratitude.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the School District of Goffstown:*

I hereby submit my annual report as superintendent of schools.

The current school year opened with several changes in our teaching staff. At the high school three teachers resigned:—Miss Eleanor Strobel, Mrs. Elizabeth Marden, and Mr. William Picerillo. Miss Strobel was replaced by Thelma M. Batchelder of Sanford, Maine, Nason College '44, in the Home Economics Department. Eleanor Thomas of Norwich, Vermont, Plymouth Teachers College, '46, was selected for the Commercial Department. George L. Murray, a graduate of the University of Maine, was engaged as teacher of mathematics and science, and coach of athletics. Prior to his service in the armed forces, Mr. Murray taught in the Weare High School, and, following his discharge, completed the school year '45-'46 in the upper room at Grasmere.

In the elementary schools, Mrs. Josephine Merrill of Dunbarton replaced Mr. Murray at Grasmere. Miss Marion Nelson, primary teacher at the White Building, transferred to Manchester, and Mrs. Una McKee, who taught last year at the Shirley Hill School, was moved to the White School. Miss Phyllis M. Knox of Beverley was secured for the Shirley Hill School.

Our enrollment figures for the current year are approximately the same as a year ago. The crowded conditions at the White School were relieved by moving the sixth grade to the High School building. Miss Natalie Clough, who had taught for three years in Pike, was employed as teacher in the new room. This shift of pupils

has provided a much more satisfactory arrangement, for the teacher load was reduced from 38 to 46 pupils per room in the White Building to an average of 32. The present distribution finds the first and part of the second, the remainder of the second and the third, the fourth and fifth occupying the three rooms of the White School.

Such a shift, although vastly improving the quality of instruction in the White Building, has brought its problems to the High School. Including the sixth grade in the latter building has crowded the facilities of the High School. As the rear of the auditorium is now used for high school classes, it is not an ideal situation. The problem must be corrected as soon as possible.

At the 1946 School District meeting the school board was authorized to proceed with plans and specifications for an addition to the High School plant. The board was also authorized to borrow up to the bond limit of the district for such construction. The plans were completed late in the spring and bids were requested. With the costs of materials and labor as they were, no contractor was interested in making a competitive bid, and what figures were presented were out of reason and the ability of the district to accept.

However, the plans and specifications are ready for immediate construction as soon as a logical bid is received. The plans call for not only the addition of an auditorium gymnasium, but also shop and home economics facilities, together with three additional classrooms. The construction of this addition would allow for the immediate closing of the White Building. With the addition of an auditorium, the present assembly hall at the High School would be converted into two additional classrooms, giving us five more classrooms than at present.

Until such additional room is available, our problem of satisfactory facilities for our youngsters continues. This coming year we expect 52 pupils in Grades 7 and 8 (1946-47 enrollment 35). Just what adjustments can be

made are not known at this writing. Our grades in the White School are gradually increasing and our over-all village housing problem is even more acute for the coming school year than was the case this past fall. Additional facilities must be forthcoming at an early date.

The estimated expenses of the School Board for the coming school year is presented on an adjoining page of this report. Several items show increases due to higher costs, including fuel, books, and supplies. The major increases are in transportation and teachers' salaries. During the current school year our expenditures for transportation exceeded the estimate of a year ago, because of an added number of pupils on Paige Hill and Shirley Hill. There is no anticipated decrease in the number of pupils to be transported another year.

Our expenditures of teachers' salaries this current year approximated closely the amount appropriated last spring, the figure asked for in the budget plus an additional amount raised at the district meeting. The total amount available for teachers' salaries permitted us to pay our teachers an average salary approximating that paid teachers in comparable towns. However, bonus payments for the current year, those already made and those proposed for action at the March meetings, will necessitate our granting substantial increases for another year. With the supply of potential teachers in our Teachers' Colleges far below the demands of the schools of the state, the salaries paid beginning teachers will cause a corresponding increase for teachers now in service.

I feel that our schools have not only held their own during these difficult times, but I further feel that we have made substantial progress on both our high and elementary levels. If these gains are to be held and built upon, we must keep pace with other towns of equal size and wealth. To fail to take such action will mean that we are willing to sacrifice our gains for financial reasons.

To lose experienced and satisfactory teachers, and to be unable to hire competent replacing teachers would be far from wise; to lose a proven teacher and to have to pay slightly less for a teacher of unknown ability is not sound business.

On December first, Mrs. Florence P. Wakefield asked to be relieved from further service. Mrs. Wakefield has served well the young people of the Paige Hill and Bartlett Schools over a period of 35 years. Her efforts, I am sure, are appreciated by many parents and former pupils.

In closing may I express my appreciation to the teachers and School Board for their fine spirit of cooperation, and to the citizens of Goffstown for their support of our educational program. Their enthusiastic response to our problems, as manifested in the annual meeting of March, 1946, will long be appreciated.

Respectfully submitted,

LEWIS F. FOOTE,  
*Superintendent of Schools.*

## REPORT OF THE SCHOOL NURSE

---

The school nurse submits the following report for the school year September, 1945 through December 1946.

About 500 pupils were weighed, measured and examined in September, the beginning of the school year. The following report shows the number of pupils affected at that time:

Defective vision 39. Number of defects corrected 32.  
Defective teeth 380. Number of defects corrected 180.  
Diseased tonsils 44. Number of defects corrected 15.

There were 17 cases of chicken pox from October 1945 through January 1946.

Eighteen children had measles during May and June, 1946.

Twenty-two children had mumps during the fall of 1945 and spring of 1946.

One child had poliomyelitis in January 1946.

One child was accompanied to the hospital for a slight operation.

One child was accompanied to the dentist.

One child was accompanied to the physician.

One child was accompanied to the hospital for complete blood test.

One child was accompanied to the mental hygiene clinic in Manchester.

One child went to the Hanover Eye Clinic for an examination and was fitted to glasses last summer.

A toxoid clinic was given December 14, 1945 and January 11, 1946. Eighty pupils took the treatment.

A Patch test was given March 4, 21, 1946. Three hundred and six children received the test. Four showed a positive reaction but later when X-rayed the report read normal. This test is given for the purpose of finding children who may be presenting early symptoms and signs of tuberculosis. Should there be a positive reaction to the test, it should be followed by a chest X-ray in order that prompt treatment may be properly prescribed. All those who showed a positive reaction were X-rayed at Dr. Kerr's tubercular clinic in Manchester. Those who were not in school last year will be given this test the first of February when it is given again in our schools.

## REPORT OF THE PLANNING BOARD

---

During the past year the board has attempted to draft a Zoning Law intended to be feasible and practical for the various districts of the Town. The Law as proposed has not met with the approval of the majority of those to whom it has been presented. A Majority of the Town seem however to favor a zoning law.

Several provisions of the proposed law have caused such opposition that changes must be made to meet general approval. The time already spent upon the subject has not seemed to be adequate.

Many groups and organizations in the Town have not had an opportunity to discuss the subject of zoning.

In view of the above the Planning Board has decided not to propose a zoning law for the present Town Meeting. During the next year the Board will continue its work on an improved draft of the law. The coming year will undoubtedly bring about considerable changes in the residential and commercial aspects of the Town, and these developments will affect the planning of our future zoning requirements.
